## **Development of Intermodal Transport in Croatia**

Dear Madame or Sir,

The Croatian railway sector has made a considerable progress with respect to rail freight transport in the last years:

- Statistics showing a recovery of rail freight transport in recent years and Croatia has opted to place share of HZ Cargo to the private sector;
- The seaport of Rijeka has been modernized and increased its capacity;
- The well-known Pan-European Corridors V and X have been renamed, now being part of the Trans-European Transport Network linking Croatia with its Neighbors.

These create opportunities for rail freight transport, but is it time to be proud, to be satisfied, and lean back? What about intermodal transport in particular and its further growth path?

These and other items should be discussed with relevant actors of the intermodal sector in Croatia and we kindly invite you to

- discuss the recent achievements, status quo and future prospects of intermodal transport in Croatia,
- achieve a consent about the growth perspective and coordinate regulative, financial as well as infrastructural and operational measures that will be necessary to foster the increase of intermodal rail services,
- identify relevant actors and time horizons for the realization of the intermodal strategy and
- summarize a "road map on intermodal transport" in Croatia.

Jointly with the project partner Crokombi, Zagreb, we kindly invite you to participate in the workshop on

**27 March 2014, 10:00-16:00**

The meeting will take place in the offices of the

**Ministry of the Sea, Transport and Infrastructure,  
Prisavlje 14, Zagreb, 9<sup>th</sup> Floor**

In order to facilitate organizing the meeting we would like you to **register by responding to this invitation e-mail until 14 March 2014**. Only registered persons will be accepted for participating the meeting.

The workshop will be executed in English language. Should you require a translation we would kindly invite you to indicate this in your registration e-mail.

The activities are co-financed by the European Commission in the framework of the Marco Polo Common Learning Action "COSMOS" ([www.intermodal-cosmos.eu](http://www.intermodal-cosmos.eu)).

For any further questions or recommendations on the project or the meeting please do not hesitate to contact me.

Hoping to meet you in Zagreb we remain with  
kind regards

COSMOS Project Co-ordinator  
KombiConsult GmbH
